Michael Innocenzo
CEO
PECO
2301 Market Street
Philadelphia, PA 19103

Dear Mr. Innocenzo:

I write today with an urgent request to ensure uninterrupted electric and internet service all weekdays and to reschedule all planned nonemergency maintenance projects occurring during the week day.

It has come to my attention that a scheduled maintenance in Falls Township will produce periodic electric and internet outages between 8 a.m. and 2 p.m. on Tuesday September 8. This is also the first day of online school in Pennsbury School District. The threat of periodic outages is causing unnecessary added stress and hardship for families and educators.

As you may know the majority of school districts in our area are all conducting classes virtually for most of this fall and into the winter. Additionally, many employees are working from home. Therefore students, parents, teachers and many other residents are all depending on a reliable service of electric power and internet service from 7 a.m. through 5 p.m. weekdays for school and work.

Therefore, I respectfully request no planned outages during the school week or work day and I request a prompt response to this communication.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Santarsiero".

Steve Santarsiero
